May 2020 Issue

For the class of 2020, they knew 8th grade would be over quickly, but nobody expected this quick. As we all know school was shut down for the rest of the year. Does this mean 8th graders will graduate in their rooms on a computer? A vote was recently cast out to all students and parents of the class of 2020 to decide if graduation should take place online or at a later date. The 8th grade class also recently made a [video](#) for a virtual May Crowning. It was just like the real mass but way shorter and without Eucharist Obviously but still as nice as a real mass. With school coming to an end there's a few things 8th grade will miss like seeing friends everyday in class, having lunch and recess every day together, field trips, but there are some things we won't have to do again like wear a uniform, pack a lunch, wake up early for school, and going from class to class every day too! Sadly, the year has come to an end but we made the most out of it and we had lots of fun!

## Earth Day

By: Ryann Moriarity

Our earth is extraordinary. We may not always think about everything it does, but it keeps us alive. It is important to think about our earth especially during this tough time. We have one day honoured to our earth-earth day. Yes we can't do much to help our earth at the moment. I want you to think of 1 thing a week you can do to help our earth.

# Something to Think About...

## Why should we show kindness?

By: Annlo Eagan

Do you know why we should show kindness to other people? We should show kindness to other people because they would like it and it would be really nice if you showed them the act of kindness.

### What is Kindness?

Kindness is an act of love and respect. So if you let a friend borrow a pencil of yours. It would be an act of kindness. Or if you helped someone with something when they really needed help. That would be showing kindness.

### How can you show kindness?

You can show kindness by helping someone with their homework, help someone who fell and got hurt, you can bake your neighbor some cookies, you can stand up for a friend who's getting bullied, and you can help someone in need or in pain!

**Every day we show kindness and we don't even know it! Make sure to keep showing kindness and love!**

## How to Stay Busy During Quarantine

By: Bridie O'Malley

Hey warriors, have you been finding yourself bored in the quarantine? If so, I have a couple of things you can do!

- Make a card for nurses, doctors, an elderly neighbor, or anyone else who might need it!
- Try something new. Not into art? Give it a try and Draw a picture!
- Never played a game you have lying around? Play it!
- Finish something that you left unfinished. Or something you've been wanting to start!
- Set up something fun in your house.  
Example: Scavenger hunt, fort, etc.
- Write a chalk message on your sidewalk for people to see or make a poster for your window!
- Family game Night: Play a board game with your whole family!
- Read. write a story. use your imagination. Pretend. You can never be too old to pretend!
- Go through all of your clothes, see what you need and don't need. Donate or get a little crafty!  
Make a dessert or dinner! Show your family some love by baking or cooking for them!
- Lastly, and most importantly, spend some quality time with the people in your house. At these times, we REALLY need some extra love and care.

Well, those are just some things you can do in the Quarantine. There really is so much more you can do! So get creative! And use your imagination! Let's get out there and make the best of these times.
